

Become one of the new generation of school psychologists with our Ed.S. program now in Chandler!

With the Ed.S. program, you have the ability to:

- Become a state certified school psychologist
- Become a nationally certified school psychologist
- Work in a variety of educational settings

"As a UA graduate, I was thrilled to learn the UA is bringing its high-quality school psychology program to Phoenix!"

Klayton Albers, Ed.S. '02

We provide students with unique training experiences that facilitate their professional and personal growth, prepare them to be leaders in school systems and other settings, and enable them to be highly competitive for jobs in the field of school psychology. There are dozens of school districts in the Valley that offer field work placements and internships.

Classes are offered in the evenings and during the day in June. This way, students have flexibility in their schedules while completing their degrees. Courses are taught by highly qualified school psychologists who are currently practicing and in a position to provide firsthand knowledge of the field.

The Chandler campus is located in a newly renovated building in Downtown Chandler — easily accessible from Loop 202 — with free covered parking.

SCHOOL PSYCHOLOGY

"Having instructors who are current practitioners in school settings allows us to learn key aspects of school psychology through applied examples, not just theoretical perspectives. The real-life examples they bring to class greatly support our understanding and learning."

Manya Paul, 2012 Cohort
