

Homework Day 1: UA Application

Overview: Students are to complete a UA application for homework, excluding the personal statement on the last page. That will be done after participating in the personal statement workshop later in the week.

Materials:

Current UA application

Reminder:

Leave "My Statement" page blank for now.

Homework Day 2: Interview Review

Overview: Students should review their handouts 1-3 that they completed in Day 1 Faculty Interviews lesson. Students should review how to ask good questions and proper interviewing etiquette. They can practice doing an interview at home with their family for practice!

Materials:

Completed Day 1 Faculty Interviews Handouts 1-3

Reminder:

Students will be conducting interviews in their Science Challenge tours tomorrow!

Homework Day 3: Why Choose College?

Overview: Students should first skim and scan the green handout called *Why Choose College?* Then, they should answer the questions on their *Why Choose College* handout.

Materials:

Why Choose College? Reading

Why Choose College? questions

Reminder:

This is their opportunity to learn about making important decisions in their life, such as whether or not to go to college, and what major to select in college.

Homework Day 4: Fix Personal Statement

Overview: Students should finish writing their personal statement for homework. If students have already finished their personal statement, they do not have homework.

Materials:

Personal Statement

Reminder:

This is their chance to gain practice writing a personal statement. However, remind students that their personal statement may change by the time they write a personal statement for the college application. This is okay. The point is to gain experience writing a personal statement and knowing what experiences to engage in during high school to make sure they submit a competitive application!
