Pima County – Family Engagement Program

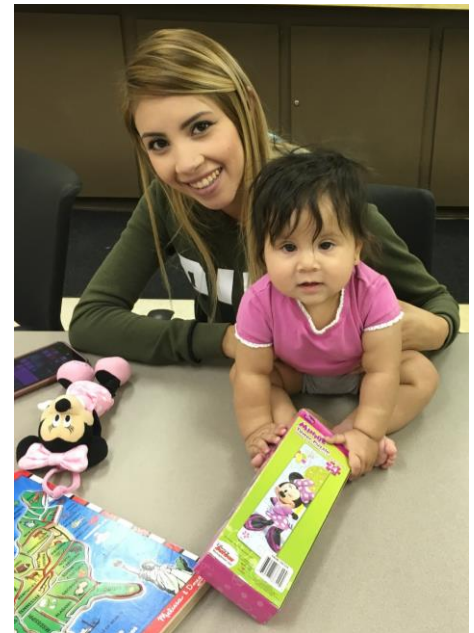

***Interested in gaining hands-on experience with young children  
and family-centered program development?***

The Family Engagement Program at the University of Arizona delivers free parenting classes for families with children aged 0-5. While parents attend class, we typically provide free child care and dinner. We are currently recruiting for two AmeriCorps positions for students interested in gaining hands-on experience in the following:

- Developing lesson plans and child care policies relating to age-appropriate activities;
- Creating language development and socialization opportunities that help children meet their milestones;
- Coordinating and scheduling child care providers;
- Providing occasional training sessions for child care providers;
- Seeking out community resources for providing healthier meals to families; and
- Offering brief presentations to parents during classes about healthy and inexpensive meal ideas.

Classes can be in the morning, afternoon or evening depending on the needs of the parents and the availability of the prospective AmeriCorps members. Both positions are 300 hours (approximately 8 hours/week through August 31, 2017) and include a biweekly living allowance and an education award at the end. Applicants can apply by visiting [my.americorps.gov](http://my.americorps.gov), clicking “Search Listings”, and typing “UACE Pima County Family Engagement Program” into the Program Name Field.
